

Consumables for Injectors and Contrast Delivery Systems

FastLoad™ Dual CTA+ Syringe Pack with Spikes

SKU	017355
Quantity	20/CS
Description of Product Use	Syringe tray includes: (2) Disposable 200mL syringes w/ administration set, 60" low-pressure extension set, bifurcated "Y"one-way check valve and (2) spikes. For use w/ EmpowerCTA®+ Injection System.

FastLoad™ Dual CTA+ Syringe Pack

SKU	017354
Quantity	20/CS
Description of Product Use	Syringe tray includes: (2) Disposable 200mL syringes w/ administration set, 60" low-pressure extension set, bifurcated "Y"one-way check valve and a fill tube. For use w/ EmpowerCTA®+ Injection System.

FastLoad™ CT Syringe Pack with Spike

SKU	017345
Quantity	50/CS
Description of Product Use	Disposable 200mL syringe w/ 60" low-pressure extension set and 1 spike. For use w/ EmpowerCTA®+ Injection System.

FastLoad™ CT Syringe Pack

SKU	017344
Quantity	50/CS
Description of Product Use	Disposable 200mL syringe w/ 60" low-pressure extension set and a fill tube. For use w/EmpowerCTA®+ Injection System.

EmpowerCTA®+ “Y” Connecting Tubing

SKU	100114
Quantity	100/CS
Description of Product Use	Administration Set for use w/ EmpowerCTA®+ Injection System. Useful when utilizing two single syringes on procedures requiring saline delivery.

Bracco Injeneering Transfer Set

SKU	017349
Quantity	100/CS
Description of Product Use	For use with Isovue® Imaging Bulk Package to transfer contrast into empty syringes in the CT Suite.

Empower Solution Transfer Set

SKU	100115
Quantity	100/CS
Description of Product Use	Used for transferring contrast and saline from bottles/ bags to Empower branded syringes. Includes (100) 20" single use sets.

Coiled Low Pressure Extension Sets

SKU	100113
Quantity	100/CS
Description of Product Use	For use in procedures requiring an extension tubing set. Includes (100) 60" low-pressure single use sets.

EDA™ Patch, With Access Slot

SKU	017352
Quantity	50/CS
Description of Product Use	Disposable Extravasation Detection Accessory Patches w/ access slot for use w/ EmpowerCTA®+ Injection System with the Extravasation Detection Accessory.

FastLoad™ MR Syringe Pack

SKU	017356
Quantity	50/CS
Description of Product Use	Syringe tray Includes: (2) 100mL syringes (1) MR connecting tube w/ bifurcated "Y" one-way check valve, (2) vented spikes for contrast & saline. For use w/ EmpowerMR® Injector System.

CT Exprès® Bottle Spike

SKU	640458
Quantity	60/CS
Description of Product Use	For use with CT Exprès® 3D Contrast Media Delivery System. Each box contains 60 individual bottle spike bilster packs used to spike one bottle for up to 10 hours.

CT Exprès® Patient Set III

SKU	640457
Quantity	25/CS
Description of Product Use	For use with CT Exprès® 3D Contrast Media Delivery System. Each box contains 25 single-use patient sets.

CT Exprès® Day Set III HP

SKU	640460
Quantity	15/CS
Description of Product Use	For use with Imaging Bulk Package and CT Exprès® 3D Contrast Media Delivery System. Each box contains 15 sets for use up to 10 hours or 4L of contrast.

Hours of Operation: M-F 8:30 AM - 6:00 PM (EST), excluding holidays

EmpowerCTA®+ Injector System
INDICATIONS:

The EmpowerCTA+ Injector System is indicated for the vascular administration of contrast and flushing media in conjunction with computed tomography (CT) scanning of the body with an optional interface to a CT scanner and an optional calculator for glomerular filtration rate (GFR).

The Extravasation Detection Accessory (EDA™) is an optional accessory and is indicated for the detection of extravasations of ionic and nonionic contrast during CT procedures using a power injector.

Protocols have been independently developed and are not intended as medical advice. Bracco and Bracco Injengineering S.A. shall not be responsible for any physicians' reliance on these or any other products.

CONTRAINDICATIONS:

The EmpowerCTA+ Injector System is not intended for use as a long-term infusion pump, nor is it intended to be used to inject any agents other than contrast or flushing media. Do not attempt to use the Injector for any other purpose (such as chemotherapy or drug infusion). The EmpowerCTA+ Injector System should not be used to inject substances into nonvascular body cavities. Any applications of the EmpowerCTA+ Injector System other than those described in its Operator Manual are inappropriate and should not be attempted.

Not all products available in all global markets.

EmpowerCTA+ is distributed by Bracco Diagnostics Inc.; 259 Prospect Plains Road, Bldg. H; Monroe Township, NJ 08831 USA; Phone: (800) 631-5245; Fax: (609) 514-2424; Customer Service: 1-877-BRACCO 9 (1-877-272-2269); Professional Services: 1-800-257-5181 (Option 2); EmpowerCTA+ Email: empowerinfo@diag.bracco.com; Website: <http://imaging.bracco.com/us-en/products-and-solutions/contrast-injectors/empowercta+>

EmpowerMR® Injector System
INDICATIONS:

The EmpowerMR Injector System is indicated for vascular administration of contrast media and flushing media in conjunction with magnetic resonance imaging (MRI).

Protocols have been independently developed and are not intended as medical advice and Bracco shall not be responsible for any physicians' reliance on these or any other protocols.

Bracco Injengineering S.A. reserves the right at any time and without notice, to change the specifications and features described herein, or to change the production or adjust the product described.

CT Exprès® 3D Contrast Media Delivery System
INDICATIONS:

The CT Exprès 3D Contrast Media Delivery System is indicated for controlled automatic administration, on the venous side, of contrast media and saline, to human subjects while undergoing examination by means of a computed tomography (CT) scanner.

The CT Exprès 3D Contrast Media Delivery System is specifically indicated for use in CT procedures for the delivery of ISOVUE® (Iopamidol Injection) contrast media as supplied in an Imaging Bulk Package (IBP), for a maximum of 20 bottles of contrast media or a maximum of ten (10) hours, whichever comes first, per Day Set III HP disposable. The Bottle Spike disposable is for single-bottle use only and must be discarded with the contrast media bottle. The Patient Set must be discarded after each patient procedure.

The CT Exprès 3D Contrast Media Delivery System is to be used only by and under quasi-continuous supervision of trained health care professionals in an appropriate licensed health care facility, in a room designated for radiological procedures that involve intravascular administration of a contrast agent.

CONTRAINDICATIONS:

This device is not intended for injection of contrast media for coronary arteriography, or for any other use for which the device is not indicated.

Bracco Injengineering S.A. reserves the right at any time and without notice, to change the specifications and features described herein, or to change the production or adjust the product described.

About Bracco Injengineering S.A.

Bracco Injengineering S.A., located in Lausanne, Switzerland, is the most recently added Business Unit of Bracco Imaging. Bracco Injengineering is committed to develop the best-in-class integrated injection solutions with a strong heritage in research and innovation. It provides quality solutions for state-of-the-art radiology centers, offering proven injection technology, built on Bracco Imaging's expertise.

Thanks to this strengthened product portfolio, including the CT Exprès 3D Contrast Media Delivery System, EmpowerCTA®+ Injector System, EmpowerMR® Injector System, NEXO® Contrast Management System and NEXO [DOSE]® Multi-Modality Radiation Informatics, Bracco Imaging will be able to focus on constant innovation, not only for devices, but also for software development and data management.

CT Exprès, EmpowerCTA+, EmpowerMR, NEXO and NEXO [DOSE] are registered trademarks of Bracco Injengineering S.A.
